

APPLICATION DATA SHEET

Insulated Wire

FURNACEPARTS
Excellence in Temperature Measurement

QUANTITY REQUIRED: _____ (in feet)

TYPE:

B C E J K R S T

Thermcouple Grade or Extension Grade

WIRE GAUGE:

24 ga. 20 ga. 16 ga. Other _____

Solid or Stranded

INSULATION:

Glass braid High temp. glass Refrasil*

Ceramic Fiber Rubber PVC

Teflon** tape (fused) Extruded Teflon Kapton

Synthetic Fiber

Stainless Steel Overbraid yes no

Certification Operating Range: _____

Temperature Operating Range: _____

Calibration Points: _____

Multi-pair and shielded wire are available upon request.

*Refrasil is a registered trademark of HITCO Carbon Composites

**Teflon and Kapton are registered trademarks of DuPont
