Furnace Parts LLC Looks Forward to Furnaces North America 2010 Show for Personal Interaction with Current and Potential Customers

Cleveland, Ohio—Furnace Parts LLC will exhibit at the upcoming Furnaces North America 2010 trade show held in Orlando, Florida October 5-6, 2010. Visit Furnace Parts at **Booth #408** for help with your thermocouple and temperature sensing requirements.

“We look forward to being a part of Furnaces North America 2010,” says John Popovich, Vice President, Sales & Marketing; Furnace Parts. “The show offers a terrific venue for personal interaction. The opportunity for us to meet with current and prospective customers is always welcome.”

Specializing in the manufacture of specialty industrial thermocouples, Furnace Parts’ products and services include:

- Base Metal Thermocouple assemblies (Types E, J, K, N, T)
- RTD assemblies
- MgO thermocouples
- High Temperature assemblies (Types S, R, B and C)
- Bare and insulated wire
- Protection tubes and thermowells
- Heads, blocks and connectors
- Control instrumentation
- Alloy fabrications—muffles, retorts, grids, fixturing and boxes

“Adding value and maximizing our customers’ profits are hallmarks of what we do, and the Furnaces North America show is a great place to share our message,” adds Popovich.

Calibration Laboratory

Visitors to the booth can learn all about the company’s in-house Calibration Laboratory. It provides customized sensor and instrumentation calibration, as well as calibration and repair services for secondary standard and field test potentiometers, calibrators, controllers and recorders.

The Furnace Parts Calibration Laboratory was one of the first of its kind to receive the prestigious ISO/IEC 17025 accreditation. The company’s products are certified to meet AMS 2750D and BAC 5621K specifications. NIST traceable calibration reports are available based on customer requirements. Furnace Parts’ calibration capabilities include thermocouples and temperature instrumentation.

Furnace Parts LLC

Founded in 1974 in Cleveland, Ohio, Furnace Parts LLC is an industry leader in the manufacture of specialty industrial thermocouples. Our expertise in thermocouple applications spans a vast array of industries, including steel and specialty metal fabrication, oil and gas, heat treating/thermal processing and aerospace, to name a few. We excel in temperature measurement solutions. For additional information, please visit our Web site at www.furnacepartsllc.com or call 800-321-0796.
