### Furnace Parts LLC to Exhibit at 2009 ASM Heat Treat Show

**Cleveland, Ohio—(August 20, 2009)**—Furnace Parts LLC will exhibit at the upcoming 2009 ASM Heat Treat Show held in Indianapolis, Indiana, September 14-17, 2009. The company's technical sales and application engineering professionals will be at **Booth #2301** to assist with thermocouple and temperature sensing requirements.

"We always look forward to attending the Heat Treat Show," says Thomas "L.T." Slater, president/CEO, Furnace Parts. "Exhibiting at the show gives us an opportunity to meet one on one with current and potential clients and share our new innovations and technologies; we also enjoy learning about what the other exhibitors are bringing to the industry."

Accredited to ISO 9001:2008 and specializing in the manufacture of specialty industrial thermocouples, Furnace Parts' products include:

- Thermocouple and RTD assemblies – including base and noble metal
- Mineral Insulated Metal Sheathed Cable (MgO)
- Bare and insulated wire
- NIST traceable calibration services
- Protection tubes and thermowells
- Heads, blocks and connectors

### Calibration Laboratory

Visitors to the booth can learn all about the company's in-house Calibration Laboratory. It provides sensor and instrumentation calibration and repair services for secondary standard and field test potentiometers and calibrators, as well as working standard temperature indicators, controllers and recorders.

The Furnace Parts Calibration Laboratory was one of the first of its kind to receive the prestigious ISO/IEC 17025 accreditation. The company's products are certified to meet AMS 2750D and BAC 5621K specifications. NIST traceable calibration reports are available based on customer requirements. Furnace Parts' calibration capabilities include thermocouples and temperature instrumentation.

### Furnace Parts LLC

*Founded in 1974 in Cleveland, Ohio, Furnace Parts LLC is an industry leader in the manufacture of specialty industrial thermocouples. Our expertise in thermocouple applications spans a vast array of industries, including steel and specialty metal fabrication, oil and gas, heat treating/thermal processing and aerospace, to name a few. We excel in temperature measurement solutions. For additional information, please visit our Web site at [www.furnacepartsllc.com](http://www.furnacepartsllc.com) or call 800-321-0796.*
